COUNTY FAIR.

If the managers of the county fair had had a special contract with the clerk of the weather, matters could not have turned out more auspiciously for the annual exhibition-of the Wayne County Agricultural Society. The copious rain of Monday and Monday night, although giving a discouraging outlook at the time, proved to be a great benefit, as the dust was effectually laid by the downpour, the roads and track beaten into excellent condition, and the people of the county put in the best of humor for an outing. This was not so conspicuously manifested by the attendance on Tuesday ; but on Wednesday the "record-breaker" got in its innings, the grounds being invaded by the biggest crowd of people ever seen on the banks of the Dyberry. Yesterday was another big day, so we may well infer that the 1908 fair has been a pronounced success financially, whatever rank it may take as an exhibition. Indeed it may honestly be said that in some past years, at least, the show of live stock and farm products has been more extensive than at this fair; but when weather conditions and other drawbacks are taken into account there is small reason for fault finding.

As we expect to give a detailed report of the exhibition, with a list of the premiums awarded, later on, we refrain rom further comment in this issue. The results of Tuesday's and Wednesday's rials of speed were as follows:

The fair on Tuesday was not largely attended. The chief attraction was the excellent acrobatic work of the Berry family, father, mother, two sons and a daughter, and the races. Joseph Mc-Mahon, of Susquehanna, was starter.

Seven horses started in each of the two races. The 2:40 race resulted as fol-

The Era of New Mixed Paints!

This year opens with a deluge of new mixed paints. A condition brought about by our enterprising dealers to get some kind of a mixed paint that would supplant CHILTON'S MIXED PAINTS. Their compounds, being new and heavily advertised, may find a sale with the unwary.

THE ONLY PLACE IN HONESDALE CHILTON'S MIXED PAINTS AUTHORIZED TO HANDLE CHILTON'S MIXED PAINTS IS JADWIN'S PHARMACY.

There are reasons for the pre-eminence of CHILTON PAINTS: 1st-No one can mix a better mixed paint. 2d—The painters declare that it works easily and has won-

derful covering qualities. 3d-Chilton stands back of it, and will agree to repaint, at his own expense, every surface painted with Chilton Paint that proves defective.

4th-Those who have used it are perfectly satisfied with it,

and recommend its use to others.

SEPT. 29th .- The dedication of the new Moravian church, at Newfoundland, on Sunday, Sept. 27th, was a notable

event in the church history.

The consecration sermon was delivered by Rev. W. Strohanerer, and short ad-dresses were made by Rev. A. E. Francke, the pastor, and Rev. Edward MacMillan, Judges: L. Sherwood, Jermyn; Chas. of Sterling. The music was of a high order, and the exercises, both in the afternoon and evening, were entertaining and instructive, and reflect much credit upon the pastor and congregation. Collections amounting to nearly \$400 were taken up at the close of the services, and there is still a small indebtedness

on the church edifice. All danger from forest fires was allayed by the heavy rain that fell in this section, and we sincerely hope that all the districts in danger of fire have had a liberal downpour. We certainly have reason to be thankful for the rain that as come in time to prevent suffering to both man and beast.

It was occupied by Peter Ben-der and family, and they succeeded in saving a part of their household goods. A valuable horse belonging to Arthur Akers, of Sterling, was killed last Friday vening, near Gouldsboro Station. Mr Akers was working at Gouldsboro, and while there turned the animal in pasture and in some way it got on the railroad track and was struck by a passing train. Charles C.
